

TURKISH BATTLESHIP TORPEDOED BY THE BRITISH

ACT DESCRIBED AS BOLDEST MARINE EXPLOIT OF WAR

London, Dec. 14.—The first serious blow inflicted on the Turkish navy since the entrance of the Porte into the war—the torpedoing of the Turkish battleship *Messudieh* by a British submarine in the Dardanelles—gave naval color to today's war news and was in fact the only striking occurrence chronicled by land or by sea.

Little or no change has been reported on the western battle front and in the east Russian and German continue to fight a seemingly endless battle for the control of western Poland.

English and French newspapers unite in declaring that the time is drawing near for the much discussed general advance of the allies through France and Belgium, and some unofficial reports say this move is about to be undertaken if it has not actually begun.

The feat of Lieutenant Commander Hollbrook in diving under five rows of mines in the Dardanelles and torpedoing the Turkish battleship is described here as perhaps the boldest marine exploit of the war.

The submarine presumably was not scratched. She escaped gunfire and the pursuit of torpedo boats in a manner truly remarkable and it was necessary for her crew to endure the ordeal of remaining under water for nine hours on a stretch.

BAVARIANS AT ANTWERP IN MUTINY

Amsterdam, Dec. 14. (Via London).—A dispatch to the Handelsblad from Antwerp says reports are current in Antwerp of a mutiny on the part of the Bavarian troops garrisoning the city. While the story is not confirmed it is a fact that the Bavarian barracks have been closed to outsiders.

DRESDEN IN POCKET

Valparaiso, Chile, Dec. 14.—Dispatches received here from Punta Arenas declare that the German cruiser *Dresden* has come into that port unharmed.

This located the German cruiser *Dresden* at Punta Arenas, on the strait of Magellan, clears up all doubt as to the whereabouts of the last of the German warships, that encountered the British squadron December 8 off the Falkland Islands. Punta Arenas is a Chilean port. The strait of Magellan is narrow. British warships doubtless are its Atlantic entrance, and Japanese cruisers are said to be either watching or not far from the approach on the Pacific side.

REICHSTAG SOCIALIST CRITICISED BY PARTY

Berlin, Dec. 14. (Via The Hague and London).—The action of the socialist member, Carl Liebknecht, in the German Reichstag, December 10 in voting against the new war credit has brought out many expressions of disapproval in party circles. The executive committee of the socialist party today is considering what measures it shall take in view of this breach of discipline. Dr. Liebknecht was the only member of the Reichstag not to vote for the credit.

GOETHALS CALLS FOR WARSHIPS AT PANAMA

Washington, Dec. 14.—Colonel Goethals, governor of the Panama Canal zone, today reiterated his request that two torpedo boat destroyers be sent to Canal zone to prevent violation of neutrality through the misuse of wireless and the taking on of supplies by belligerent vessels.

Because of the confidential nature of Colonel Goethals' dispatch Secretary Garrison declined to make it public. He issued this statement:

"The substance of the dispatch is that in Colonel Goethals' judgment the misuse of radio communication within canal waters and the prevention of the misuse of these waters as a base of supplies require the presence of swift moving ships of the variety mentioned. Since the question involved requires the consideration of the state department and the navy department as well as my own, I have taken the matter up with the other departments, and as soon as the requirements are fully ascertained, proper action will be taken to meet them."

Secretary Garrison declined to discuss the situation in the canal zone or to indicate which of the belligerents the neutrality of the United States. It is known, however, that the Australian collier *Mallina*, which recently left Balboa without clearance papers, has been under close observation by Panama Canal officials. That ship as well as other colliers have been suspected of supplying British ships in Pacific waters.

Alleged violations of canal zone shipping regulations have been the basis of strong representations to the British minister at Panama. The *Lansdown*, *Warden*, *Terry*, *Perkins* and *Walke* are in reserve at Charleston, S. C., and one or more of these vessels could be dispatched to the canal waters almost instantly.

On the Pacific coast the nearest craft available are the *Whipple*, *Paul Jones*, *Perry*, *Trebble* and *Truxton*, all lying off San Diego.

Federal Ownership Of Telegraph And Telephones Wanted

Washington, Dec. 14.—Asserting that for the first time since its organization by Benjamin Franklin the post office department is on a self-sustaining basis, Postmaster General Burleson submitted to President Wilson today a financial report. It records enormous growth in the department's business, because of the war, the postal savings bank divisions, and recommends a program of postal legislation to increase the scope of the department's activities.

Mr. Burleson features his report with an estimate that a surplus of \$3,569,515, the second of

The executive head of these tireless workers is Mrs. Francis C. Sanborn. Mrs. Plymouth Werba, who claims the boy is hers, and that the father of the boy was former Republican politician Louis Kraft was also in court with the child who has been in her possession since the case became public.

FRENCH LINER MISSING

New York, Dec. 14.—The French line steamer *Florida*, six days overdue on her trip from Havre for New York, has not been heard of since she sailed on November 22, according to a cable message received by the line today from its agents in France. Each day adds to the apprehension felt for the vessel's safety.

INCITED REVOLT; SHOT

London, Dec. 14.—A dispatch to the Daily Mail from Copenhagen asserts that a Czech resident of Prague has been shot for corresponding with a Czech union in Chicago, which it is alleged, is carrying on a campaign for the establishment of an independent kingdom in Bohemia.

CARRANZA WARNS U. S. NOT TO USE FORCE IN BORDER TROUBLE

Washington, Dec. 14.—General Carranza through Consul Canada is sending instructions anew to all Vera Cruz today formally advising the state department that any use of force by the American troops at Naco, Arizona, in their efforts to keep Mexican bullets from American soil "would be considered an act of hostility, however well disposed the government may be."

This agrees with the general's statement at Vera Cruz on Saturday.

Reiterating his previous statements, Carranza says General Hill has controlled his fire and that he is sending instructions anew to all Vera Cruz today formally advising the state department that any use of force by the American troops at Naco, Arizona, in their efforts to keep Mexican bullets from American soil "would be considered an act of hostility, however well disposed the government may be."

He deplores that these accidents have been due to carelessness on the part of the Americans, or "inadvertent curiosity," and cites similar occurrences when American soldiers and Americans endangered their lives by seeking points of vantage in El Paso, from which to view the fighting.

RELATIVE OF GEN. HUERTA IS EXECUTED

Washington, Dec. 14.—General Huerta, a son-in-law of General Huerta was executed in Mexico City with four minor offenders on the night of December 9, according to a report today from Consul Silliman. The executions took place in the Spanish cemetery in the Mexican capital. The acts for which these officers paid a penalty with their lives, were not disclosed in Mr. Silliman's dispatches but officials assume that they were put to death by the present Mexican City local officials.

Secretary Bryan today instructed Consul Silliman to seek money for all prisoners arrested on political charges and to ask for their safe conduct out of the country.

AMERICANS MURDERED

Washington, Dec. 14.—Thomas Francis, and another American whose name has not been determined, have been killed in Sonora, Mexico, according to a report today from the American consular agent at Chihuahua. Secretary Bryan directed an investigation.

Douglas, Ariz., Dec. 14.—The companion of Thomas Francis, whose death in Sonora, was reported to the state department today by the American consular agent at Chihuahua, was R. E. Danahy of Pittsburg, Pa. The two men were reported to have been kidnapped and killed by Mexican outlaws last Wednesday while returning here from a mine near Nogales, which Francis had been operating. He was a mining contractor living here in Douglas.

NAVY IS WITHOUT A RESERVE SUPPLY OF AMMUNITION

Washington, Dec. 14.—Secretary Daniels told the house naval committee today that, while battleships in reserve were not supplied with shells, every dreadnaught and every other battleship in the active line was equipped, but did not, however, have an adequate reserve supply.

"That," said the Secretary, "is no naval secret."

Mr. Daniels in his third day of discussion of naval affairs with the committee, covered a variety of subjects. He declared the navy was making torpedoes at Newport for \$5,000 each—more than \$1,000 less than the price at which private concerns supply them.

Representative Gardner continued his movement for investigation of the national defenses by writing letters to the chairman of the naval and military committee urging examination of army and navy officers.

Secretary Daniels said tests completed ten days ago on coal from Alaska, Matanuska fields had proved practically perfect.

THIS IS A LOT O' FUN

MORE EXPENSE FOR UNCLE SAMUEL

Washington, Dec. 14.—The cost of the American navy ration was increased to such an extent on account of the European war that it will cost \$130,000 more to feed the soldiers during the coming year than during the present year. Even the price of horse feed has so increased that \$100,000 more must be paid next year for army forage than this year.

One of the greatest joys of living in this climate is that of suddenly finding yourself under the necessity of shoveling the snow off your front, stoop and sidewalk. Some folks may think there's no fun in shoveling snow—but there is—lots of it. That's the reason I always shovel my own snow. Anybody has the privilege of laying down on snow shoveling that wants to but he's missing a world of fun. Here's the weather for tomorrow:

Ohio—Fair and colder to night. Tuesday fair.

Kentucky—Fair and cold to night and probably Tuesday.

Jared Hughes Back; Takes Up Threads Of Life Once More

Jared Hughes, pardoned by Governor James Cox a few days ago, returned home from Columbus Saturday evening, determined to begin life anew and become a good citizen.

Hughes shot and killed his wife, Mrs. Flora Hughes, and her paramour, John Harr, when he surprised them in each other's company at Third and Jefferson streets, Sunday evening, August 29, 1905. He was arrested immediately after and bound over to the grand jury without bail. The grand jury returned two indictments against him October 4, 1906, for first degree murder. The trial for wife murder was set for November 12th. The jury had been partly selected when Hughes changed his plea to guilty of second degree murder, and on November 14th he was sentenced by Judge Middleton to life imprisonment in the Ohio penitentiary. The other indictment for the murder of Harr was nolled.

Application was made before the board of pardons in 1911 for commutation of sentence, and after due consideration the board commuted Hughes' sentence to twenty years. Subsequently three different applications were made by Attorney Theo. K. Funk in behalf of Hughes for a holiday pardon, but these

failed. On October 12th of this year Mr. Funk made application for a pardon and the board finally recommended to the governor that one be granted Hughes. The pardon came last Thursday.

One of Hughes' first acts upon his arrival Saturday night was to call up Mr. Funk, report his safe return, and thank him for the persistent fight he had made to liberate him. He is in good health and expects to take employment in a shoe factory. He was regarded as an expert workman while employed at the Irving Drew factory prior to his trouble.

Hughes spent about one-half of his imprisonment on the state farm, having been transferred thither because he was threatened with tuberculosis. He is now with his parents, Mr. and Mrs. William Hughes, of 1721 Eighth street. His only son, who was but five years old at the time of the tragedy, has since been cared for by the grandparents.

Hughes always contended that the shooting of his wife was accidental, and that he had meant only to kill Harr. She rushed between them to protect her lover and was herself struck in the back, and still trying to ward off the gun with her upraised hand, caused Hughes to shoot her a second time, the bullet lodging in her foot.

Cocking Main

Ironton, O., Dec. 14.—It is understood a number of chicken enthusiasts from this city, Jackson, Weston and Portsmouth, participated in a cocking main on a barge moored in the river just below the city, Saturday night. There were a large number of killings and it is understood considerable money changed hands.

Cold Causes Appeals

Sharp, cold weather, accompanied by snow, which gripped the city over Sunday and Sunday night, caught many of the poorer class of the city unprepared. Numerous calls for relief were received by the Associated Charities, Monday. Donations of food, clothing and fuel were handed out.

Any contributions of food, clothing or fuel will be greatly appreciated by the Associated Charities. Call the visiting nurse, phone A-338, and let her know of your willingness to help the distressed families.

The military authorities have suppressed for the duration of the war the Staatsbürger Zeitung, of Berlin, an anti-semitic organ which failed to follow the admonition to discontinue all anti-semitic propaganda.

PORTSMOUTH BANK ORGANIZES CHRISTMAS MONEY CLUB FOR 1915

Plan Has Much Merit—Hundreds Are Joining

No dues, no fines, no penalties—just benefits for members. Would you join a club like this? That's the kind of club the First National Bank installed last year for Portsmouth, and it was joined by hundreds, young and old.

Now those who joined are about to receive Christmas checks from the bank.

The club is called The Christmas Money Club, and solves the problem for those who every year wonder how and where their Christmas spending money is coming from.

Club Unique

The club is unique in its plan and requirements. In fact it has but one requirement, and that is that the members shall save a few cents every week in order to get a Christmas check from the bank.

How big a check a member receives depends upon the division of the club he or she joins. There are several divisions and each provides for a special amount.

That means it is for each member to decide for himself, or her-

self, what size check the bank shall write.

Yes, Women Join

The club is not for men only. In fact no bank now-a-days is only for men—although bankers say many ladies still hesitate to enter a bank, just as ladies kept aloof from most business places in the old days.

Many women and girls are joining The Christmas Money club, for it is suited in every way to their needs.

They can save small sums weekly which they never will miss and yet be laying up a store of Christmas cheer for children and friends which they might not be able to do in the ordinary way without the aid of the Christmas Money Club.

Checks Worth While

If you would like to receive a Christmas check for from \$12.75 to \$127.50 or even more about December 15, 1915, join the Christmas Money Club.

The club is a good thing, say business men and others, who know its advantages. It's a booster for Portsmouth's thrifty classes.

TRINITY BIBLE CLASS

The Big Trinity Men's Class had exactly 153 men present at its interesting session Sunday morning. Prof. Freshel, the official musical director, led the singing in the opening exercises. The Pivotal Singers sang a most inspiring song entitled "Come With Joy." The famous setting between Merle Hood and Ed Campbell that was to be settled Sunday morning was postponed for two weeks when proper time can be given for such an important discussion. They have signed a protocol lasting two weeks and after that the war will fly.

Supr. W. B. Anderson gave a short talk to the class, urging a big offering next Sunday for missions. He appealed to all to not forget the church and missions at the present time as its needs were more now than in many years.

Prof. Finney started the lesson by asking, "Was Christ seen by any unbelievers after His resurrection?"

Marshall White thought He was seen by some as a great multitude was present at one of His appearances, and some must have been unbelievers.

Jack Hood sided with Marshall in the discussion. This led up to the question of "Why did not Christ reveal himself to all believers as well as to unbelievers?"

This proved a big question and many people have different answers. The teacher claimed that it would have been an unnatural thing to do as the sinful and carnal mind can never see or receive the spiritual. You can only learn the truth by seeking the truth. Christ is easy found but we must all make some effort.

Prof. Appel mentioned Paul as one who found Christ without seeking Him. The teacher gave Sam Jones' answer to this inquiry who said, "It took the heaviest artillery of heaven to bring down Paul but if shot at one of us there would not be a greasy spot left of us."

"Why did Christ ask Thomas to touch Him and to Mary said touch me not?"

This question seemed to stump the whole class and even John McMillan would not venture a guess. Any Bible student having an answer please hand it into the class next Sunday morning. Thomas, the honest doubter, was discussed and all kinds of doubts were shown up to the class.

The teacher closed the lesson by giving the key word of Christ's teaching here on earth. It is that little word, "come." "Come unto Me all ye that are heavy laden and I will give you rest."

Many quotations were given and the wonderful power of this little word given. Christ is always waiting and watching and all He asks is to make the start.

Notes

Jim Moore of Columbus was a visitor at the class. Jim got involved in a hot plying and received one about three sizes too big. Jim looked like Gumbo Gas in his headgear and will no doubt create a flurry strolling down High

street Monday morning. Following were visitors: E. L. Shumaker, Cleveland, Ohio; J. W. Taylor, Cambridge, Ohio; R. A. Baueher, Hollister, Mo.; J. W. Manley, Moscow, Ohio; James Moore, Columbus, Ohio.

TURKISH BATTLESHIP

(Continued from Page 1.)

Russian guns have from time to time inflicted some damages on Turkish warships, but the disaster reported today was the Porte's first big ship. The loss of life is not estimated in the brief announcement of the episode given out by the British admiralty but if the Mesoudieh was named as other Turkish ships have been, then there were a number of German officers on board.

Lieutenant Commander Holbrook of the submarine B-11, is one of five brothers, all serving with the colors, the sons of Colonel Arthur Holbrook, a newspaper owner of Portsmouth.

The Mesoudieh was a very old boat, having been built at Blackwall, England, in 1874 and reconstructed at Genoa in 1903. She was 332 feet long, 59 feet beam and of about 1,000 tons burden. She had

a speed of 17 1/2 knots and her main battery consisted of two 9.2 inch guns in turrets and twelve and six inch guns in battery. In the war she carried a crew of 600 men.

FIRE AT HUNTINGTON

Huntington, W. Va., Dec. 14.—Fire early this morning destroyed the livery stable of J. W. Harless, eleven horses and two cows being burned to death in the fire.

Firemen declare that they heard the cries of a man in the interior of the burning structure while the fire was in progress, but search of the ruins has failed to reveal the body of any human being.

Two employees, sleeping in the second story of the building were carried out unconscious by firemen.

All employees have been accounted for, and, if any human life was lost, it was that of some one who had taken refuge in the building for the night. The loss is \$4,000.

Told The Truth

Ed Little, a painter, was released from custody by the police Saturday, it developing that he had told the truth in claiming to have bought a gold watch from a colored boy for 50 cents.

The watch had been lost by a railroad man while on a track down town. A boy offered to take him to the lad who had found the timepiece but the railroad man in his intoxicated condition, accused the youngster instead of acting on his advice. The watch was found by a colored boy named Roberts.

The railroad man and Little agreed between themselves to reimburse an employee of the Albert Pressler pharmacy to the extent of four dollars, the amount paid to Little for the watch.

COMMITTEE NAMED FOR MUNICIPAL XMAS TREE

The Municipal Christmas Tree plans progressed so rapidly and so satisfactorily Monday, the movement is an assured success, and Portsmouth is going to take up the idea in its characteristic wholehearted and enthusiastic manner.

Mayor Erick has permitted the use of the Government Square on Galia street, and it will be there that the Municipal Xmas Tree will shed its radiance and will bear fruit in the way of 3,000 sacks of good candy to be distributed to children under 10 years of age.

There will be music and songs to enliven the affair, as the River City band has donated his services. The songs are to be selected by a committee composed of George Kah and Arthur Bode, of the River City band, and Miss Harriet Scarff, teacher of music in the public schools. Prof. Frank Appel, of the public schools, and Fathers Gochel and McFarland, of the St. Mary's and Holy Redeemer schools, have been requested to have the school children practice the songs to be sung at the Municipal Xmas Tree festivities.

The original promoters, Floyd C. Fuller, Harry Williams and Henry Bertram, are active in the general committee and the committee to select the Christmas tree is composed of Floyd Fuller, Capt. James W. Smith and Sam A. Williams. The financial committee includes Orin B. Oakes, Paul Davidson, Tom Brubaker and Stanley McCall. The tree will be delivered to the city by the Interstate Transfer Company, and the River City Lumber Company will erect the platform which will surround the tree. Ed Stevens, of the Central Machine and Repair Company, will look after the wiring, as the tree is to be brilliantly illuminated. The Trischler Plumbing Company will furnish the colored lights and the street railway company will furnish the electricity. The decorating committee is composed of I. H. Goodman, Pat Kelley, Harry Boyd and Russell Becker.

The sucking and distribution of the Christmas candies will be looked after by Miss Julia Nichols, president of the Progress Club; Mrs. Howard Sellers, president of the Federation of Women's Clubs; Stevens, of the Central Machine and Repair Company, will look after the wiring, as the tree is to be brilliantly illuminated. G. A. R. PAYS TRIBUTE TO THOSE GONE BEFORE

Loving tribute to the memory of the departed members of the Post, G. A. R., was paid at the annual memorial services of the Post, held Sunday afternoon at Post headquarters on Gallia street. The beautiful G. A. R. ritualistic memorial service was exemplified by Commander Grand S. Miltstead, assisted by other officers of the Post, and made a profound impression upon all present.

Rev. E. Ainger Powell, rector of All Saints' church, delivered the memorial address. Special music was rendered by the Pilgrim Singers of Trinity M. E. church, the soloists including "The Battle Hymn of the Republic," "Nearer My God to Thee," "Some Sweet Day" and "The Home of the Soul." and "Tenting Tonight on the Old Camp Ground." Quite a number of friends of the veterans attended the services.

Four members of the Post departed this life during the past year, Edward J. Corson, William F. Whitney, Gilbert D. Wait and Henry H. Bostwick.

TO DEMONSTRATE NEW METHOD

Dr. and Mrs. W. J. Keyes, of Fourth street, will leave Tuesday for Columbus, where Dr. Keyes will attend the annual convention of the Ohio Osteopathic Society, which will be held in the Clitterden Hotel.

The chief feature of the meeting is to be a demonstration of the new and successful Osteopathic method of treatment of catarrhal deafness which is to be given by Dr. J. Densen, a director of the A. T. Still Research Institute at Chicago. No former method of treatment has ever reached this disease, and the demonstration will therefore be of great interest.

DOCTORS BANQUET

Good cheer and congeniality will be in evidence at the annual banquet of the Hempstead Medical Academy, which will take place in the ordinary of the Washington Hotel at 8 o'clock tonight.

Dr. W. W. Smith will act as toastmaster and in addition to several short talks by local members of this medical society, Dr. J. H. J. Upham, president of the State Medical Society, and George H. Sheridan, editor of the Ohio State Medical Journal, will be on hand and deliver addresses that will be in keeping with the splendid banquet. Covers will be laid for 40 guests.

MADE LIFE MEMBER

Cincinnati, Dec. 14.—Cincinnati Lodge of Elks No. 5 recently voted an honorary life membership to Edgar W. Donham in recognition of his services in past years and as orator during the memorial services last Sunday.

Mr. Donham has many close friends in Portsmouth. Two years ago he inspected the local Lodge of Elks, which was concluded with a magnificent banquet complimentary to Mr. Donham.

STOP BUYING EXPENSIVE COUGH REMEDIES

Make the Best at Home

Money spent for the old-style, ready-made cough syrups in bottles holding only 2 to 2½ ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it were medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost. Merely go to the drug store named below and ask for 2 ounces (50c worth) of Schiffmann's Concentrated Expectorant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchitis, Asthma, Whooping Cough, Hoarseness and Whooping Cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positively cures whooping cough, opium, morphine or other narcotics, as do most rough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. This store has been authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under this positive guarantee. For sale here by Winter Bros.

Extension Schools

Members of the Wheelwright Farmers' Club, in regular session last Saturday evening, decided to hold an Extension School at Wheelwright from January 15 to 25 next. A prominent instructor from the U. S. F. Agricultural Department will conduct the school. The formal discussion of matters of interest to the farmers of that section was the principal feature of the meeting.

Six Gamblers Caught In A Raid By Police

Two white and four colored young men were caught in a raid the police made on a rear upstairs room at the K. of C. club room on Second street Sunday morning at 5 o'clock.

The men were caught in the act of "shooting craps," the raiding officers, Capt. Grant Cooper, Sergeant James Marshall, Patrolman Duke Cooper and Merchant Police- man Charles Huns surprising them before they could escape, though one of the victims did manage to slip out a few minutes later, going to fronton on the first train only to be re-arrested on his return in the afternoon.

A set of dice and twelve dollars in money were found on the table in the room. The man registered at police headquarters as follows: Harry Evans, Fred Hanson, Geo. Blevins, Carl Smith, Joseph Williams and Carl Jones. All were arrested in giving hand a short time after their arrest, friends and players coming to their rescue.

The young men came into court Monday morning and entered pleas of guilty. They were fined \$25 and costs each and \$15 was forfeited in each case.

One of the colored men, who is employed as porter at a hotel, put his security a \$25 check he had received from the First National Bank Christmas club.

The raid was made by the police in response to a tip and from all reports the game had been in full swing for several hours. The players had met there, it is said, at the instance of Evans, who is employed as janitor of the club rooms. It is said the gang had been meeting at various places about town and also have been shadowing them some time past. They are said to have had a regular code of signs and pass words to show when the "game was clear" or that the game was in progress. "It's a

A FULL LOAD

Messrs. John Moeller, William Klink, Philip Streich, George J. Schmidt and son Elton Schmidt, motored to Piketon, Sunday, and attended the funeral services of the late W. H. Patterson.

"We certainly had my machine loaded down, as the combined weight of the five men was 1105 pounds," said George Schmidt, Monday. He tips the beam at 275. Mr. Streich weighs 275, Mr. Klink 180, Mr. Moeller 225, and Elton Schmidt 150.

AUTO UPSET

Albert Muller, a Chillicothe street butcher, was thrown out of his automobile and the machine was badly damaged Sunday afternoon when it left the road near Wakefield and turned over. Mr. Muller escaped with minor contusions. The wind shield of the auto was broken, a lamp was smashed, one fender was bent and the steering gear was damaged. Mr. Muller insisted on his wife and five children getting out of the machine before going down the steep hill and this saved them from injury. Mr. Muller had the chains on his tires, but the machine skidded on the snow-packed road and overturned.

good night for "passing hunting." "That chicken sure no fire," and "T. V. chase," were some of the known pass words used by the men in gaining admittance.

Follow Clues In Baucus Mystery

The latest clue in the Baucus murder mystery that the police are working on involves the disappearance from the city of several local men.

Aside from the above, regarding which officers are very reticent, there are absolutely no new developments in the case. The West Virginia clue, from which so much was expected, proved a fizzle, and not much importance is attached to the story of Louis Birk, a gardener, of near the Golf grounds, that he saw the murderer running from the scene and that he would be able to identify him. The officials can not connect this man with the assault upon Veta Farrell, a foreigner, a week before as Birk would have it appear.

The officials still hold to the theory that the murder was committed by a local man. He seemed familiar with the surroundings, running as he did down a blind alley and crawling underneath a barbed wire, then escaping in the direction of the river.

PROTECTING ANIMALS

A complaint reached Humana Officer Harry Ball Monday noon that an old horse had fallen down on Robinson avenue near Union, and could not get up. Ball reported the matter to police headquarters and Officer R. E. Allen was sent to shoot the animal.

On investigation of a complaint, Judge Ball found three cows suffering from the effects of the cold weather Monday morning in the Senate bottoms. Ball notified the owner of the cows, William Lawrence, of 521 Seventh street, that he would be prosecuted if he did not provide a shelter. Lawrence was busy erecting a barn when Ball made a second trip. Judge Ball wants it understood that all persons leaving cattle out in the cold are in danger of prosecution.

INDIFFERENCE IS MOST SURPRISING PHENOMENA

SAYS REV. JOHN W. DUNNING

Before a large and attentive audience, Rev. J. W. Dunning, pastor of the First Presbyterian church, delivered his first of a series of two sermons on "Immortality" Sunday evening. He chose for his subject Sunday evening, "A World Without Immortality." Next Sunday evening he will conclude the series with a sermon on the subject, "The Assurance of Immortality." Rev. Dunning said in part:

"One of the surprising phenomena of today is the apparent indifference of a host of men to the question of their immortality. There are a number of reasons for this. It is generally supposed that modern science has knocked the props from under all religious truth, and along with other things immortality will have to be given up. The social aspect of life today has turned men's mind away from personal persistence to the perpetuating of the race on earth. The glamour of this present life has crowded a consideration of eternal destiny. And last immortality has come to be considered a thing of quality and not of time. Let man die if only his virtues are perpetuated in God. He will have added to the sum total of all virtue in the universe and that is enough. This life is all and it is enough. Let us make the best of it while it lasts since it is the best to be had."

"The best way to answer this indifference is to let the doctrine of immortality have full swing in our thought, and try to conceive a world in which immortality had been obliterated."

"At once we would be struck with the great injustice and unreason of things as they are. Nature would be throwing away her most precious treasure, personality, the crown of all life."

"In such a world the motive for character building would be

lost. If "virtue is its own reward" the only reward she can offer is the right to climb higher into virtue. If the soul is annihilated all chance to climb is cut off, and all moral achievement ends in a blind alley."

"In a world without immortality the dynamic of action is lost. We struggle for what we value. If we are only bodies, and all we achieve comes to nothingness at last, ambition will die. Man will not work long sewing diamonds on tissue paper."

"In such a world all motive for social service is lost. Sacrifice is replaced with selfishness. If the fate of Jesus is not different from his persecutors, then His was wasted sacrifice. When men give themselves in sacrificial service to the world, become convinced that dust is the end of it, all social service will end."

"In a world without immortality all is irrational and cruel; the basis of moral struggle is destroyed; the incentive to achievement is done away, and the motive for sacrificial service is obliterated. Life is not a blind alley, it is a thoroughfare, on which one station is the grave, and whose further terminal is the "city that hath foundations, whose architect and builder is God."

COLDS ARE OFTEN MOST SERIOUS STOP POSSIBLE COMPLICATIONS

The disregard of a cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly Loss of sleep is most serious. It is a warning given by Nature. It is man's duty to himself to assist by doing his part. PAYS DEAR FOR INTRUSION

Some stranger, while intoxicated, smashed open the rear door to the shooting gallery on Chillicothe street about three o'clock Monday afternoon, and entering the place, started to abuse the patrons and the proprietor, according to the latter, James R. Hull. Hull ordered him to leave, and he refused. Hull claiming that he kept one hand in his overcoat pocket and assumed a threatening attitude.

When the man persisted in remaining inside, Hull says he took him by the arm and led him to the door, where a scuffle ensued, during which Hull struck him a terrible blow in the mouth splitting his lip.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, Ohio.

Dear Dolly.—Me and my friend meet a man almost every day and he flirts with us and we don't know him. Do you think he loves us, and how can we get better acquainted with him?

CHUMS.

Dear girls, don't you suppose this man flirts with every other girl he meets the same as he does with you and your friends? Don't set your hearts on a man like that. If he is really worth loving and if he cares at all for you he will be sure to find a way to meet you. Just be modest and pleasant when you meet him; that will give him all the chance he needs. He may have a wife for all you know. Be very careful about taking up with strangers.

Dear Dolly.—I expect to visit some friends for Christmas, arriving at their home in another city the day before Xmas. Am I expected to take them all a present?

WANT-TO-KNOW.

It would be a courteous thing to do to take your hostess some little remembrance, but it is not necessary.

Dear Dolly.—What can I do to get a man I like real well to come to see me? I have asked him up a number of times and he always says he will come, but never does.

RUBY.

If a man doesn't want to come to see you, I can't make him do it. He probably thinks you are running after him and wants to keep away from you. Let him alone. If he wants you he can find you all right, be sure of that, Ruby.

Dear Miss Wise.—Please name some games to play at a party. The guests will be young folks between the ages of 18 and 25.

How to Treat
Croup Externally

Rub Vicks' "Vapo-Rub" Croup and Pneumonia Salve well over the throat and chest for a few minutes and then cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors inhaled may loosen the choking phlegm and open the air passages. Usually one treatment relieves in fifteen minutes. One application of hot time will prevent a night attack. Vicks' will be found better than internal medicines for all inflammation of the air passages from head colds and catarrh down to bronchitis and helpful pneumonia. Three sizes—25c, 50c, and \$1.00.

1142. A Useful, Practical Combination. This illustrates a very clever idea that will lend itself to development in any of the pretty apron materials now in vogue. As here shown white lawn embroidered in self color was used. "Val" lace forms a suitable finish. The apron portion above the pocket is slipped into the pocket when not worn, and the fullness is drawn up to form a bag. In orange, dainty, figured or striped silk, linen, crepe or crepe this design is very effective. The pattern is cut in one size. Medium. It requires 1 1/4 yard of 36-inch material.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

Schultz, Ky.—Dear Dolly.—I have light hair and blue eyes and ugly as can be. I am struck on all the boys, but none of them won't look at me, what can I do to win their love?

WORRIED GIRL.

You don't seem to be very lucky, little one. Some girls never can "win" anything, not even a husband. I can't tell you how to get one for I have never had any experience along that line.

Dear Dolly.—Please give me a recipe for a good salad. I know how to make several, but am rather tired of them.

MRS. E. M.

Here is a delicious salad recipe: Take one package of jello, dissolve in one pint boiling water; squeeze the juice of a lemon or grapefruit into it to make it tart. Set in cool place. Take a cup of cabbage, a piece of green pepper, a few pimientos and four or five stalks of celery, and put through meat grinder. Stir this into the jello when it begins to thicken. Let it stand in cold place over night or for several hours to harden.

Dear Dolly.—There is a girl away from here I love very much. I would like to send her a Christmas gift. What would be nice to send her? She is 12 years old. I am the same.

HENRY.

Book, handkerchiefs, something in neckwear, gloves, beads, buttons or any other inexpensive article that would be easy to send.

Dear Dolly.—I would like to have a recipe for Christmas cookies.

HOLSEWIFE.

Cream a cup of butter and two cups of sugar together and when light add three eggs, beaten thoroughly. Mix half cup of stemmed currants with a half cup of seed and chopped raisins and drop evenly with flour. Stir into the batter a teaspoonful each of allspice, nutmeg, and cinnamon, all powdered, and enough flour to

make a thin dough. Stir in the fruit and when well blended roll out into a sheet, cut into rounds and bake. If the dough is too thin after the fruit is added put in more flour until the right consistency to roll out. We call them Christmas cookies because we always make them for the holidays, but they are good at any time.

Dear Dolly.—Is it all right for us girls to let the boys take us home from down street at night? We are both 16.

TWO READERS.

Girls with proper home training will not get into the habit of running over the streets after

BETTER THAN CALOMEL

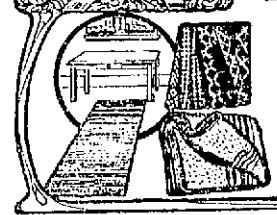

Thousands Have Discovered
Dr. Edwards' Olive Tablets
are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His office to handle it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the delicate lining of the stomach or irritate the bowels. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums, so do strong laxatives. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, indigestion and that lousy feeling come from constipation and a hardened liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." You know they "clean" the blood and "perk up" the spirits. At 12c and 25c per box. All druggists.

**PUT STOMACH IN
FINE CONDITION**

Says Indigestion Results from
An Excess of Hydrochloric
Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyperacidity, meaning there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything extra sour in the stomach much like garbage soured in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy mass in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and at dinner, while it is effective and invigorating. We continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

While watery, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

whereas policies of government have been advocated and some adopted, the constitutionality of which have been seriously questioned, the principle of government ownership and control of the telegraph and telephone finds its greatest strength in the constitution. This opinion has been shared by practically all postmaster generals of the United States, who have held that the welfare and happiness of the nation depend upon the fullest utilization of these agencies by the people, which can only be accomplished through government ownership.

FEDERAL LEAGUE SEEKS A FRANCHISE IN THE PEERLESS

New Deal Planned To Give Feds Grip In Minor Leagues

That the Federal League has designs on the Ohio State League, and Portsmouth in particular, is evidenced from a letter received Saturday by President William Gableman, of the local club, from R. Carlton Jones, of 324 east Third street, Dayton, O., who styles himself as a Federal League representative.

Jones writes that the Federal League agents are endeavoring to organize a minor league in Ohio to be affiliated with the Federal League, and to accomplish it, offers glittering inducements to interest the local owners to cast their lot with the new organization.

Among other things, they offer to furnish the Portsmouth magnates with first-class players and pay half of their salaries. The only thing they require is a deposit of \$250 as a guarantee of good faith, and five per cent of the gross receipts to help pay the expenses of the league, such as umpires, officials and the like. No charge is to be made for the franchise.

Another inducement is the promise to send a Federal League club into Portsmouth twice a month for exhibition games, thereby offering two good playing months to stimulate attendance and increase the gate receipts. Each club in the league will be sent here at least once during the season, furnishing the local fans with an opportunity to see each team in action during the season.

President Gableman is asked in the letter to use his influence with the other clubs in the Ohio State League to bring about the organization desired. Jones writes that in addition to the clubs now in the league, franchises will be placed in Troy, Springfield, Lima and Lima.

Upon receipt of the letter, President Gableman stated that so long as he was connected with the local club that it would be affiliated with organized baseball, and that he would use his influence as a director of the Ohio State League to continue the organization as in the past. He has but little faith in the alluring proposition advanced by the Federal League agents.

Walter Camp Picks All Star Team, Michigan Has One Man On Eleven

Walter Camp has picked his All American football team. Thus much as his selections are always regarded as being the final word in football all other mythical team builders should pass up this task and get down to regular work.

Mr. Camp very unobtrusively placed a Western man on his honored team and the lucky chap is Johnny Mautbetsch of the Michigan team. Mautbetsch was one of the scintillating stars of the past gridiron season and deserved the recognition Mr. Camp has given him. But there were a great many followers of the game who labored under the impression that no Michigan man would be placed on this team on account of the easy manner in which the Wolverines were beaten by three Eastern teams. Harvard has five men on the team, which is not surprising when one considers what a wonderfully aggressive and versatile team Harvard had in the field this fall. Here is Camp's All American team:

End Hardwick, Harvard
Tackle Ballard, Princeton
Guard Pennock, Harvard
Center McEwan, West Point
Quarterback Chapman, Illinois
Fullback Trumbull, Harvard
Fullback O'Hara, Cornell
Fullback Gher, Dartmouth
Fullback Mautbetsch, Michigan
Fullback Bendler, Harvard
Fullback Mahon, Harvard

The real surprise is Mr. Camp's selection of three over Barrett, who was considered one of the greatest quarterbacks of this or several past seasons.

Persons given relief in the way of coal and groceries by the Salvation Army's relief department were: Mrs. W. Gray, No. 1118 Fifteenth street (rear), Mrs. George Seaf, No. 1210 Elm street, Mrs. Geo. Davis, No. 203 Second street.

The Feds are after Dixie Joe Jackson of the Cleveland team. It is said they have offered Jackson a contract calling for \$12,000 next season and that Jackson is giving it serious consideration. Where is it all going to end?

Ironton Night At The New Rink

"Ironton Night" will be observed at the Navelette Skating rink, Thursday night and it is thought a crowd of at least 100 will come down to help celebrate the occasion. Manager Vernon has arranged to hold a half mile race between Miss Abbie Smith of Portsmouth and Miss Catherine Enkins, of Ironton, and for a mile race between Harold Brauner of Cincinnati and Harry Ray of Portsmouth.

The evening will be made a gala occasion and a record crowd is anticipated.

"KEEP THE POT BOILING" XMAS SLOGAN IN VOGUE

Another touch of the Yuletide season was in evidence Saturday, when the Salvation Army's tripods and kettles made their first appearance on the principal corners of the business district. The Army is planning to do a noble work in Portsmouth this Christmas, dispensing food, cloth, wearing apparel among the poor and needy of the city. The officers feel encouraged over the liberal manner in which the pedestrians responded the first day. "He who gives quickly gives twice" is an old adage that holds good of the contributors to the Army kettle.

CHICKEN, JUST LIKE A CAT. HAS MORE THAN ONE LIFE

A crowd at the C. & O. depot at South Portsmouth Sunday afternoon witnessed an unusual sight, that of a chicken flying after being run over by a train. The entire train passed over the chicken. Just as No. 3 neared the crossing a short distance above the station a fine Plymouth Rock hen flew directly in the path of the train. Over a half dozen feathers were sent flying into the air by the cowcatcher on the engine and the chicken was given up as dead. As soon as the train had passed the chicken, to the amazement of all present, got up and walked away like it had never been touched.
Passenger train No. 7 which arrived a few minutes later from the east, killed two chickens near the same crossing.

President of New League Recalls When He Used To Live Here

Frank Vincent Calls On Head Of "Fed" League

Frank Vincent was in Chicago a few days ago and incidentally called upon his former friend and schoolmate, James Gilmore, president of the Federal base ball league. He went to the headquarters of the Federals and inquired for Mr. Gilmore. That gentleman is evidently a busy man, and didn't have time for visitors; Mr. Vincent judged as much from the expression of his countenance when he entered the room.

"Do you want to see me?" said Mr. Gilmore, rather curtly.

"I surely do," said Mr. Vincent.

"Well, what do you want?" said Mr. Gilmore.

Mr. Vincent said in a firm tone of voice:

"My batting average last season was 1.000, I pitched 29 games and won 30 of them, and I want to sign up with the Feds."

Mr. Gilmore knows all about Chicago, and knows that the city is running over with thugs, bomb throwers, cranks, and all around ants, hence he edged quietly in the direction of the rack where he had placed his cane.

"Who in the devil are you, anyway?" he asked, sharply.

"Then Mr. Vincent took out his card case, took therefrom a card and passed it over to Mr. Gilmore. That gentleman examined it, and then said:

"For the love of Mike, B. Frank Vincent, Portsmouth, Ohio."

I thought, there was something familiar about your mug. Frank, I am as glad to see you as if you were Christy Mathewson, come in to sign a contract."

Then the president seized his hand and nearly sank his arm off.

How is the old town by the river, Frank? How are all the old boys? How is Pat Prendergast, and Jack Lewis, and Frank Calvert?

"All gone up higher," said Vincent. "They are all battling in the Heavenly league, Mr. President."

After this Mr. Gilmore proceeded to show Mr. Vincent a good time, after the Chicago fashion. He also showed him the signed contract of Walter John son, for \$17,000 per year for three years.

He introduced him to Mr. Weegman, president of the Chicago club of the Federal league. They talked over old Portsmouth days, and reminisced in an enjoyable manner. Mr. Vincent was struck with the resemblance to his father, "Handsome Tom Gilmore," as he was familiarly known in Portsmouth. He says Mr. Gilmore is wonderfully enthusiastic over the Federal league and its prospects. He laughs at the idea of its disbanding, being bought out or side-tracked.

Tom Gilmore was a member of the firm of Gilmore and Wagner who run a first class drygoods store on West Second street, and

his son, James was born here and attended local schools.

Political Gossip

Hon. J. W. Faulkner in Sunday's Enquirer of local interest said:

"No more can you keep a squirrel on the ground than you can prevent a true patriot from serving the people whom he loves. Intelligence has reached this garden spot of the world that Roy McElhenny, the leading fraternal society joiner of Portsmouth, has decided to permit the Republicans of that city to nominate him for mayor in order that the anxious citizens may forthwith elect him. Last summer Mr. McElhenny reached the conclusion that he was wanted in congress and amply permitted the folks to place his name on the primary ticket. But something in the d-d funny dingus didn't operate exactly as it should, and a party named C. C. Kearns, of Clermont, a regular politician who didn't care what the people thought, secured the nomination instead and was duly elected for two years at \$7,500 and makes a year. Mr. McElhenny, who has been county clerk, as well as the leading tonic social artist of the River City, will serve his term as mayor and then give the disappointed citizens of the Sixth Congressional District another chance to see what will happen when a real son of toil gets to Congress."

OBITUARY

Bellar Baby

Death ended the suffering of the two-year-old son of Henry Bellar, N. & W. section foreman at Rarden, early Monday morning. The child had been an invalid since its birth.

John Selb

As a result of a fall down stairs at his home in front Wednesday evening John Selb, 82, died early Sunday morning. The deceased was one of the pioneer German residents of that city and his death will be mourned by a host of friends.

Mr. William Smith

Death claimed one of the pioneer residents of Rarden township last Saturday morning, when William Smith departed this life at the ripe old age of 84 years. His death was due to infirmities of old age. Mr. Smith died on the same farm on which he was born, having lived his entire life time there.

Stephen Sparlock

Stricken about ten o'clock Sunday morning with a fatal heart attack, Stephen Sparlock, 52, elevator man at Marting's store, died one hour later at his home at 121 Offshoot street. He suffered two previous attacks before the third and finally succumbed.

John McDyer

Mrs. U. T. Henberlin of 1922 Eighteenth street, received word from her sister, Mrs. J. A. Moffett of Huntington, W. Va., Sunday, telling her of the death of her

and his youngest daughter had gone ahead of him, leaving him and his daughter Dora alone at home. He was about ready to leave the house when he fell in the floor in a faint.

His daughter summoned Mrs. Lattie Deuteria, of 112 Offshoot street, and Mrs. Frances Wheeler, of 109 Offshoot street, to his assistance. They hurried to the home and found Mr. Sparlock lying in a semi-conscious condition on the floor. He rallied to their treatment and was on a fair way to recovery when he was stricken the second time.

In the meantime Mrs. Sparlock and her daughter had been notified and returned home. City Physician Wendelen was also notified, but he was absent from home and could not be located.

Mr. Sparlock complained mostly about his arms and chest, and his wife and neighboring women rubbed him with liniment and bathed him with hot towels, apparently relieving his suffering.

It was about eleven o'clock that he suffered the third attack, from the effects of which he never rallied. He was conscious to the last, however, and conversed with his wife until the end came. Dr. J. E. Rogers arrived at the house a few minutes after he passed away, too late to be of any assistance.

Coroner Robe was promptly notified and he arrived in a short time to conduct an investigation. After an examination he announced that death was due to angina pectoris, a form of heart disease, with which the deceased had been afflicted for some time.

Mrs. Sparlock stated Sunday that her husband had awakened Sunday morning in the best of health and spirits and commented himself about his apparent good health. He based himself about the house during the early morning hours, and about nine o'clock began to make ready for church. His wife and daughter started ahead of him to Sunday school, and he told them that he would meet them at church. The next time they saw him he was in the throes of death.

Mr. Sparlock was born in Lincoln county, W. Va., April 26th, 1862, in which vicinity he spent his early life. He removed to this city a few years ago, and for the past two years has been employed as elevator man at Marting's store. At the age of 35 he was ordained a minister of the gospel, and has been since.

He was an honest, God-fearing man, respected by all who knew him. He was superintendent of the Sunday school of the Christian Union

church, Fifth and Boundary streets, and one of the officers of the church, taking a prominent part in all of the church activities.

Mr. Sparlock is survived by a widow and four daughters, Mrs. Elsie Mae Wright, of 113 Offshoot street, Mrs. Manda Jane Workman, of Corado, W. Va., and Dora and Fern, both living at home. A sister, Mrs. Martha Yeager, of Lincoln county, W. Va., also survives him.

Funeral services will be held at the Sparlock residence Tuesday afternoon, at 2:30 o'clock, followed by interment in Greenlawn cemetery.

Mrs. Magdalena Reutinger

Relative to the death of Mrs. Magdalena Reutinger, mother of Mrs. Fred Hunter and Mrs. Jacob Reutinger, of this city, the Chillicothe News-Advertiser says:

"Mrs. Magdalena Reutinger, widow of Conrad H. Reutinger, died at her home, 555 East Main street Saturday morning at 8 o'clock, as the result of a complication of diseases."

"The deceased was born October 22, 1840. She is survived by seven children. They are Mrs. Elwood Jones, of Springfield township, Mrs. Fred Hunter, of Portsmouth, Mrs. Louisa Eick, of Chillicothe, Mrs. Jacob Reutinger, of Portsmouth, and Miss Carrie Reutinger, who are stepdaughters, Charles and Louis Reutinger, who are stepsons."

"The deceased was the last of the Reutinger family."

The funeral services were held Monday afternoon at the residence, Rev. T. Lehmann officiating. Interment in Greenlawn."
